WELCOME

In case you needed the confirmation here it is. Ralph Waldo Emerson was right... when he said - *A person will worship something, have no doubt about that. We may think our tribute is paid in secret in the dark recesses of our hearts, but it will come out. That which dominates our imaginations, and our thoughts will determine our lives, and our character. Therefore, it behooves us to be careful what we worship, for what we are worshipping, we are becoming.* Emerson's lines explain why worship is the most critical question of the final generation. Welcome to Champion.
