WELCOME

According to the record of history, Randy Gardner set an apparent world-record in 1965 as a 17-year old in San Diego, California. For what? Glad you asked. The young lad, with the help of a few friends taking shifts to keep him company, stayed awake for 264 hours, or about 11 days. Motivation? It was a science fair project. At the end of the 11 days, which must have felt like an eternity, young Mr. Gardner slept soundly for 14 hours. Speaking of it feeling like an eternity, how long has the God who never slumbers (Psalm 121:2-4) gone without sleeping? Let's talk about eternity. Welcome to Campion.

CDC RECOMMENDED SCREENING

HAVE YOU HAD ANY OF THE FOLLOWING SYMPTOMS IN THE LAST 72 HOURS?

- Cough, shortness of breath, or difficulty breathing
- Fever or chills
- Muscle or body aches
- Vomiting or diarrhea
- New loss of taste or smell

WELCOME

Please take your temperature here
If you'd rather not, please sign a self-screening form

The above signs are what you will encounter as you enter the Campion Church now. At each entrance we have a non-contact thermometer that will take your temperature instantly. If you choose not to have your temperature taken, there is a sign-in sheet that asks the same questions to which you can answer a simple yes or no. Thank you for helping keep our doors open and every one feel a level of comfort in coming back to church.
