WELCOME

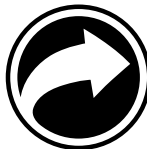

Welcome: Looking at the characteristics of the early church and how quickly it grew should pique our curiosity. The rapid growth of three thousand, then another five thousand baptized, is astonishing. What was their secret? “So, the word of God spread. The number of the disciples in Jerusalem increased rapidly, and a large number of the priests became obedient to the faith” (Acts 6:7 NIV). What touched their hearts and transformed their community? Are there easy adaptable practices we can do today to achieve similar success? Come, let’s search God’s Word today and see! Welcome to Campion
