<b>POSTLUDE</b>	MELANIE GOETZ

Would it be okay with you if we take a shot at the media? Really, we have all rolled our eyes at a headline or perspective (argued to be fact) any particular news outlet has published. We can appreciate the hard work of research and reporting and the proclaiming effort of transparency, but there is a problem. Here are humans, with limited ability to even comprehend the present and no ability to know the future, proclaiming with a risky level of certainty (headlines usually don't end with a question mark), what they have concluded are facts. However, the very information that they are so certain about, itself creates uncertainty, also known as fear. So then with all due respect to the hard working reporters, we desperately need to hear that which will create certainty within. Our Bible Hero, this week takes us to that conclusion. Welcome to Campion [ONLINE].

Due to the COVID-19 virus, as you know, HMS is going to distance learning. Prek/K will begin online learning on March 24. Grades 1-8 teachers will be preparing during this week, and students will officially begin online learning on March 30. Teachers will be contacting parents to set up online procedures and scheduling. We will try to make the transition as easy as possible. HMS is praying for our community and campus' health and safety. We keep our trust and faith in Jesus during this time and pray Jesus' soon return.

**Youth/Young Adult Ministerial Club:** The Campion pastors have teamed up with Campion Academy, Rocky Mountain Conference, and the North American Division to organize a Ministerial Club, where young people who feel God may be calling them to serve as chaplains, pastors, or Bible teachers can be mentored and equipped with guidance for the future. Contact one of the pastors if you are interested.
