## Welcome

Kenya has an ice hockey team. Read that line again and let it sink in. Only 90 miles from the equator the team trains on the only ice rink in East Africa. Despite the unfavorable (unfavorable as far as cold and ice go) conditions, team captain Ben Azegere and the rest of the squad on skates have the goal of playing in the 2018 Olympic games in South Korea. Their story makes a point. We must not wait for the ideal to take on the dream. They would still be standing there if they were waiting for any local ponds to freeze over. It's not the conditions that produce the outcome, it's the decisions of the players. This Final Kingdom comes despite the unfavorable conditions, but because of the players. Welcome to Campion.

## Our Mission

We serve and glorify God through Christ-centered worship, individual spiritual growth, youth involvement, and community interaction.
