WELCOME

A tragic legend coming out of the age of the monarchy in Romania is told of Prince Radu the Black who wanted to build the most beautiful monastery in the country and hired the famous builder, Master Manole, along with his men to do it. Master Manole began the building only to have his work destroyed in a storm. Gathering again he began to build. Another storm, another loss. Feeling defeated and receiving pressure from the prince, he had a dream that revealed only as he was willing to lose what he loved the most, would this project be successful. As he began to build again, his beloved wife came to visit and as the tragic legend says, he took her and built the wall around her and to this day her skeleton remains upright in a wall. Does it feel like God only wants to take the best from you, hurting you in the process? This week we continue with our study of the God, revealed in the story of Job. [Welcome to Campion.](#)

"Family Helpers" We're excited to partner with the students of Campion Academy to offer 'Family Helpers' during many of our worship services this year. GO Sabbath – Today we will be delivering goodies to some members we might not have seen for awhile and some of the workers at fast food restaurants to let them know we appreciate them.
