Welcome

According to the Hearth, Patio and Barbecue Association, 75% of U.S. adults own a grill or smoker. Seven in 10 consider themselves better than average at grilling. Could this be more than about grilling? What would the Heart, Soul, and Spirituality Association report – that 7 in 10 of us consider ourselves above average in our spiritual commitment? And could it be that our self-evaluation has landed us in a place where we settled for less than God has dreamed for us? Could it be much less? To that question we go in our teaching this week. Welcome to Campion.

Our Mission

We serve and glorify God through Christ-centered worship, individual spiritual growth, youth involvement, and community interaction.
