Welcome

We haven't even finished talking about and helping victims of Harvey, and now we are being introduced to Irma. Her full story is yet to be told but she has already declared herself to be the strongest storm ever recorded on the planet, maintaining 185 mph winds for 37 hours (we must pray on and give on for areas impacted). It started for Irma (and every hurricane) when warm moist air from the ocean's surface rose and encountered cooler air, starting a cycle of condensation and heat release. This process continued until a spiral wind pattern began, giving us a tropical storm. What begins as something small can grow into storms like Irma that cover 300,000 sq. miles. This is also true of the Reformation. This week, let's look at how it started. Welcome to Champion.

Our church would like to let our community know about special events here at Campion. One of the ways we can do this is by radio. But we need **someone willing to contact the radio stations** in our area to ask how to submit these news items. If you would be willing to do this, please contact Ardis Stenbakken at ardisathome@comcast.net.

Calling all photographers: Our church needs people who are willing to take pictures of church activities to use in the newsletter, website, and for our history archives. To help, contact Ardis Stenbakken at ardisathome@comcast.net, 970-667-0866.

Have you ever sent a Blue Card to anyone? The Blue Cards in the back of the pew in front of you are for you to send to someone to encourage them, to let them you know you appreciate them, to tell them you have been missing them at Sabbath school or church. Just write their name on the card, place the card in the offering bag, and the church will address and send the card. You can be a blessing today!
