

Welcome to Earliteen!

We're so glad to have your child in our Sabbath School! Campion Church is committed to helping our community KNOW. GROW. GO. and our weekly classes are an important part of developing disciples of all ages.

Earliteen begins with a combined song service with the Junior Sabbath School class. We encourage our earliteen students to lead out in the songs and use their talents with an instrument to "make a joyful noise". We are also collecting funds for a combined mission project with the Juniors to support the Kuda Vana Children's Home in Zimbabwe. After this time together, we separate for our Bible study time.

KNOW: Our priority is for our young people to know that they belong to Jesus & that the Campion Church is here to help them connect with Him! We believe that one of the best ways to know Jesus is by studying His Word. We use the "My Bible First" curriculum for our Bible study time, working our way through the Bible every 3 years.

GROW: Each student is given a weekly lesson to study to prepare for an in-class discussion on the material. We encourage comments and questions! We encourage students to bring their own Bible to class; if they need one, please let us know.

GO: We encourage our class to use their Bible knowledge to share The Gospel in practical, everyday ways with their families, friends, and community. We also support students as they pursue opportunities to serve, such as going on mission trips and participating in Pathfinders.

For more info, contact our director, Connie Dupper. You can also visit campion.church/kids for resources to help your student KNOW. GROW. GO.

We're glad you're here!
